SPRING & SUMMER

2021

Spring & Summer 2021

A midsummer dream in ochre and navy blue,
with hints of pink and green.

I am truly excited to show off the new textiles for SS2021. My inspiration comes from romantic flower gardens, aquarelle paintings and classic patterns like Ikath, but as always, our collection is strongly influenced by living along the south coastline of Sweden with lovely blue sea and white beaches. The colors are a Midsummer palette of ochre, navy blue, green and soft pink.

We introduce new patterns, color combinations and a new innovative block printing technique. All adding depth, detail and beauty to our current collections of hand block printed textiles.

Our exclusive Floral print now comes in a beautiful ochre color. Perfect for festive meals during Easter. Waterlily is our new flower print. Romantic and elegant in three classic colors. Subtle distortions and beige details creates a beautiful new hand painted effect. In addition to the signature tablecloth you will find Waterlily cushion covers with frilled edges.

In block printed bedlinen collection Breeze we introduce three new hues in Soft Pink, Navy Blue and Ochre. And make sure that you don't miss our new comfortable seat cushions (50x100 cm) in Ochre and Navy Blue.

We hope you will like our new textiles as much as we do and that they may bring beauty and joy to you and your home.
