## collection AUTUMN & WINTER 2022

#### Presenting an exclusive line of linen textiles, inspired by longing

Behind this years autumn and winter collection lies a deep longing for the country that inspires me the most, India. It is the people I meet, the culture and the beautiful places that form the fundament for the textiles of Chamois. Due to covid, I have not had the opportunity to visit our partners for a long time.

The Oriental Collection is the expression of this longing. Furthermore the collection is influenced by patterns from the Ottoman Empire, which has given the textiles an ornamental look in mustard and beautiful tones of blue.

We introduce two more new patterns for autumn - the minimal and delicate Cypress and the elegant Autumn Leaves. The color schemes are soft earthy tones of green, rust and mild violet.

For Christmas we have gorgeous textiles in both linen and cotton in tones of green and Christmas red. We continue with the popular Pomegranate print as well as our classics Big Paisley, Margerita and Paradise. Wishing you a Fairytale Christmas.

I hope you will love the new textiles as much as I do.

## THE ANCIENT ART OF WOODBLOCK PRINTING

## We are proud to preserve this ancient craft and bring it into modern homes.

Most of Chamois textiles are handprinted using the ancient woodblock printing technique. We develop our prints in collaboration with local artisans and family run businesses. The whole process is made by hand from cutting of the woodblocks and blending the colors to printing each textile. The process is gentle on the environment, use very little water and electricity.

This genuine handmade process makes every textile unique. Slight variations in color and print is the beauty of a genuine hand woodblock printed product.

In a world increasingly filled with faced paced consumer products, we are proud to preserve this ancient handicraft and bring it into modern homes worldwide.
