## COLLECTION

# SPRING & SUMMER 2022

Textiles that spark joy, inspired by the Mediterranean Sea

For this spring and summer, we have allowed ourselves to be inspired by the absolutely wonderful sun-warmed Mediterranean Sea with its salty sea breezes. The collection is an extension of one of our existing prints, and has therefore been named Indian Summer II. The textiles are all handprinted and come in a soft and beautiful color scheme of mild green, brown and blue with touches of pink, lavender and cornflower blue.

Last Autumn we introduced new lampshades and we are thrilled by the fantastic response we got on this new product category. Therefore, we have chosen to invest further in the concept and this season you can find lampshades with the Indian Summer print in our new in spring colours.

In addition we launch a long-awaited summer linen collection printed on high quality white linen. The first print we introduce is the popular Margerita pattern in our classic blue tones Cashmere Blue and Navy Blue. And last we have a little Easter surprise for you.

I hope you will love the new textiles as much as I do.

# The Ancient Art of Woodblock Printing

Hand carved woodblocks used for Chamois prints.

Colors are blended by hand and compared to Pantone book to get the right color matching.

*We are proud to preserve this ancient craft and bring it into modern homes.*

Most of Chamois textiles are handprinted using the ancient woodblock printing technique. We develop our prints in collaboration with local artisans and family run businesses. The whole process is made by hand from cutting of the woodblocks and blending the colors to printing each textile. The process is gentle on the environment, use very little water and electricity.

This genuine handmade process makes every textile unique. Slight variations in color and print is the beauty of a genuine hand woodblock printed product.

In a world increasingly filled with faced paced consumer products, we are proud to preserve this ancient handicraft and bring it into modern homes worldwide.
