COLLECTION

AUTUMN & WINTER 2025

A timeless collection of exclusive textiles, a tribute to our journey
and India's rich textile heritage.

After spending years studying India's rich textile history and intricate patterns, I was inspired to create a collection that reflects this journey. From the majestic architecture and ornate palaces to the sacred temples and lush botanical landscapes, each experience shaped this collection, making it feel timeless as well as connected to the roots of Chamois and soul of India.

A key inspiration comes from the Seven Sisters of Himalaya, a group of birds that visit Samode Palace every year. Once a royal residence and now a hotel, the palace's stunning wall paintings have influenced our designs. The surrounding mountains, leopards, monkeys, and vast savannahs are reflected in the patterns and colors of our collection, bringing the wild beauty of India to life.

For autumn, we chose a warm and calming color palette of earthy browns, soft blues, ochre, and deep rust, evoking a serene autumn landscape. Our velvet collection expands with three elegant new shades: a soft red with a hint of rust, a dusty light blue and a rich chocolate brown, offering understated luxury and timeless elegance. Our linen and velvet cushions feature new intricate embroidery, adding texture and depth. We're also introducing a new print named "Parrot" in two beautiful color combinations with brown details, a rusty red and a soft blue. A monochrome version is available for cushions in earthy yellow, rust, and light blue, perfect for creating a dynamic yet cohesive look in your home.

Then finally, I am excited to introduce the Samode Tablecloth, inspired by the palace's exquisite wall paintings. The floral design in jewel tones printed on a natural beige background, reflects the palace's opulence. To complement it, we've created matching placemats and napkins with decorative borders, bringing the beauty of India's heritage into your home in a refined way.

A TABLECLOTH IS MADE

The Ancient Art of Woodblock Printing

Colors are
blended by hand
to get the right
hue.

We are proud to preserve this ancient craft and
bring it into modern homes.

Most of Chamois textiles are handprinted using the ancient woodblock printing technique. We develop our prints in collaboration with local artisans and family run businesses. The whole process is made by hand from cutting of the woodblocks and blending the colors to printing each textile. The process is gentle on the environment, use very little water and electricity.

This genuine handmade process makes every textile unique. Slight variations in color and print is the beauty of a genuine hand woodblock printed product.

In a world increasingly filled with faced paced consumer products, we are proud to preserve this ancient handicraft and bring it into modern homes worldwide.
