COLLECTION  
SPRING & SUMMER 2026

A poetic collection of exclusive hand printed textiles, an invitation to linger, to savour and create exquisite moments of beauty.

The Garden of Mathilde lives in my imagination, a dreamlike sanctuary I return to again and again. It is my idea of happiness, beauty, and joy; a place that both soothe and inspire me. At my farmhouse, Stenkulla, in the south of Sweden, I try to bring this fairytale vision to life. My garden there is mysterious and bohemian. When others catch a glimpse of its wild beauty and magic, it fills my heart with joy.

Our Spring/Summer 2026 collection captures the essence of that fairytale garden, a playful dream of understated elegance. The palette is anchored by light shades of yellow and soft beige, colors that weave a golden thread throughout the entire line.

The new Mathilde print, in watery pastels, evokes the freshness of spring and the softness of early summer. Perfect for Easter gatherings and sunlit meals throughout the season, Mathilde feels both modern and deeply rooted in the Chamois aesthetic. We also expand our organic cotton collection with two new colorways: a romantic blue with yellow accents, a combination inspired by our Swedish midsummer traditions, and a more contemporary combination of muted brown with blue details.

The Apple print bursts with playful energy, a joyful mix of blue, turquoise and beige, adorning tablecloths, placemats, cushions, napkins and seat cushions. The colors are designed to harmonize beautifully, inviting you to layer, mix and create your own moments of everyday enchantment. We also welcome a new addition to our beloved Tangier Pomegranate family: an elegant combination of butter yellow with beige and green accents. Refined and graceful, this print will elevate any grand party this summer, from weddings, to those once in a lifetime occasions and anniversaries.

Finally, meet Simmi, our latest contrast pattern. With its geometric rhythm and organic sensibility, it balances simplicity with soul. Available in many of the same hues as our Indian Rose print, it's wonderfully easy to combine for those who prefer a quieter and more intimate pattern story.

Each piece in this collection carries the spirit of my mystical dream garden, a place of warmth, creativity, and delight. I hope you find a touch of that same joy in our new designs this season.

# A MIDSUMMER DREAM

This season, we invite you into a dreamy world of endless summer, where the garden hums with life and every moment feels touched by magic. In our organic line we introduce two new colorways: a grounding brown with soft blue detailing, and a fresh, uplifting blue with golden yellow accents. Together, they create a palette that feels both sun-washed and sophisticated, perfect for lingering summer lunches, twilight dinners, and everything in between.

# The Ancient Art of Woodblock Printing

Colors are blended by hand to get the right hue.

We are proud to preserve this ancient craft and bring it into modern homes.

Most of Chamois textiles are handprinted using the ancient woodblock printing technique. We develop our prints in collaboration with local artisans and family run businesses. The whole process is made by hand from cutting of the woodblocks and blending the colors to printing each textile. The process is gentle on the environment, use very little water and electricity.

This genuine handmade process makes every textile unique. Slight variations in color and print is the beauty of a genuine hand woodblock printed product.

In a world increasingly filled with faced paced consumer products, we are proud to preserve this ancient handicraft and bring it into modern homes worldwide.
